Dear Mike,

Mrs. Olson has but one set of the papers in the case of her husband. She has told me how to get them and I have sent a check with the request. I'll let you know when I get them. I've asked for two sets, one for you. I've also asked if it is the complete files or a press kit and said if not complete I'd like to get the balance.

Today I did speak to a friend on the Enquirer. They can get interested. Very interested. But as I told you, they require proofs, not opinion. If we get to that point I am in fairly regular touch with him.

Best,

Harold Weisberg
